Describe the overall team dynamics:

Our team works really well together with each member contributing ideas and suggestions for others.

What letter grade would you give yourself based on the amount of work you contributed?

A

How often did the team meet?

Daily through GroupMe and we met on Wednesday.

Were there any major issues? Please explain.

No issues from my perspective.

Please describe how the team completed the project.

Each member volunteered to take a page of the website to design the wireframe and mockup. We shared our sketches for the homepage with each other and Christina took the elements and combined them together to create the page. I created the events page mockup and wireframe. Andy created the contact page wireframe and mockup. Each member contributed to the interactive elements document.

Please take the time to evaluate each team member. All answers will remain confidential.
